

Mindarie to Burns Beach – 1 page summary

This document provides a description of the walk with only the key details from the main document.

The starting point is the end of the main board walk in front of the cafes/restaurants at Mindarie Keys Marina. The best way to get using public transport is to catch the train to Clarkson Station and take the 481 bus. The bus will head west along Ocean Keys Boulevard, then left (head south) along Marmion Ave, and then right (west) into Anchorage Drive and then right (north) into Rothesay Heights. Get off on the third bus top along Rothesay Heights, just after Bayport Court. Head north for about 150m and turn left (west) into Honiara Way. Follow this road to the end through a roundabout (it becomes Swansea Promenade), about 500m. Head left (south) along the boardwalk past the boat jetty to the starting point

The Figure opposite shows the route.

The total one-way distance is 7.3 km, making it a 14.6 km out and back walk. Any toilet blocks are noted below in the text in *italics*. These are also sources of potable water. Any additional drinking water taps and showers are also noted in *italics*.

From the starting point continue walking along the waterfront, through the carpark, along the waterfront past the main boat mooring area, and onto the boardwalk in front of the large houses, and then continue along the sand/limestone track along the groyne/southern seawall on Mindarie Keys Marina for about 300m to the end and carefully climb the rocks at the end for views up the beach. Head back down the sand/limestone track and take the paths that runs next to the road that

runs next to the seawall (Alexandria Drive). After about 500m, the road bends sharply to the left, and there is a carpark servicing the surf beach south of here. Continue for about 200m and turn right into Glensandra Way to the end, turn right onto Anchorage Drive then immediately right after about 50m on to Long Beach Prom until the end (about 500m). This is where the new dual use paths starts. At the time of writing this path ends after about 2.5km. For the most part, this path is about 1km from the coast. The continuation of the path has been cleared but is a sand track. Take the sand track for about 700m where the path starts again next to a new subdivision. This will take you past a round grassed park, and after about 420m you will arrive at Burns Beach, which has a *toilet block and café*. This is the end point.

Getting back to the start from the turn around point – if you don't want to do an out-and-back walk

The best way to get back to the start using public transport is to walk east along the main road (Ocean Parade) for about 90m to the terminus bus stop for the 470 bus, which goes to Joondalup train station and take the train north to Clarkson Station, then catch the 481 as bus as above.
